Table 3 – Charges for Intenational SMS

Access the following link to find the list of destinations with each slab:

https://www.ooredoo.qa/web/wp-content/uploads/2024/08/Aamali_International-Destinations-1.pdf

4.5 Character Limit per Message

- Single (one part) Latin encoding (English SMS): 160 characters
- Single (one part) Non-Latin encoding (Arabic SMS): 70 characters
- Concatenated/Long (multi-part) Latin encoding (English SMS): 153 characters per part
- Concatenated/Long (multi-part) Non-Latin encoding (Arabic SMS): 67 characters per part

For example, if you have a 136-character Arabic SMS, it will be split into three parts: the first part will contain 67 characters, the second part will contain 67 characters, and the third part will contain 2 characters.

Ooredoo Service Tariff No. B08-01

4.6 Confirmation Receipt

32. Subscribers may request a confirmation receipt (via SMS) after each successfully sent SMS. Such confirmation is free of charge.
33. Subscriber may opt to allow the recipients of the SMS messages the option of sending a message back to the Subscriber. In that case, Subscriber must apply for a Short Code to be used by the recipients of the SMS to respond. The Subscriber pays only for the SMS sent at the same applicable SMS Bulk rate shown above and the SMS back to the short code will be rated with zero.
34. Email to SMS and SMS to Email: allow users to receive messages on their phones by having dedicated email address that forward SMS to the user's mobile phone and vice versa.
35. SMS Charging: All SMS with delivery status Success, Failed and Expired are charged or deducted from the provided allowance. All SMS with status Rejected and Blacklisted is not charged or deducted from the provided allowance. Note: SMS delivery status report is available on Business SMS platform and can be fetched with respective customer login.

4.7 Other Services

36. Service Re-connection fees: QAR 0
37. Short Code Fee: QAR200/Month per Short code
38. Free alphanumeric short codes.

5 Service Provider obligations

39. Commencement of Service: The relevant Bulk SMS Service shall commence from the service activation date.
40. Service Availability and Limits: Certain factors, such as network changes, traffic volume, transmission limits, service outages, technical limitations, signal strength, customer device, terrain, structures, weather, or other conditions that may arise from time to time, may interfere with actual service quality and availability. Messages may be interrupted, dropped, refused or limited. Ooredoo will not be liable for any service limits due to these conditions that may arise from time to time, subject to Ooredoo's statutory and license obligations and requirements.

Ooredoo Service Tariff No. B08-01

41. Block Spam SMS: If a customer is experiencing spam SMSs, customers can block receiving messages by sending SMS to 92600 with “Unsuball” or “Unsub service name”.

6 Subscriber obligations

42. Minimum service period: The minimum service period for the SMS Business Service is Three (3) months commencing from the date of activation of Service.
43. Cancellation: If a Subscriber terminates the contract before the end of the minimum service period, the Subscriber will be liable to pay charges for the full three months period.
44. Service Compliance: Customer agrees to notify Ooredoo immediately of any unauthorized use of your account or any other breach of security.
45. Fair usage policy for Bulk SMS service: Subscribers agree not to use the Service to:
- 45.1 Send duplicative or unsolicited messages (commercial or otherwise) to users who have not consented to receipt of such messages;
- 45.2 Harvest or otherwise collect information about others, including Mobile Telephone numbers, without their prior consent;
- 45.3 Create a false identity or forged email, phone or fax address or header, or otherwise attempt to mislead others as to the identity of the sender or the origin of the message;
- 45.4 Transmit through the Service or convey links to unlawful, anti-religious, anti-social, harassing, libelous, abusive, threatening, harmful, vulgar, obscene or otherwise objectionable material of any kind or nature;
- 45.5 Transmit through the Service or convey links to any material that may infringe the intellectual property rights or other rights of third parties, including trademark, copyright or right of publicity;
- 45.6 Ooredoo may, at its option and without further notice, use anti-spam technologies, such as automatic word and spam filters that may terminate messages without delivering them or prevent or prevent messages from reaching the customer. Customer may not use the Service in a way that imposes an unreasonable or

Ooredoo Service Tariff No. B08-01

- disproportionately large load (as agreed with Ooredoo) on Ooredoo's infrastructure or that otherwise would harm or breach our arrangements with any of our service providers.
- 45.7 Customer shall comply with any reasonable request by Ooredoo concerning the use of the Service. Ooredoo may require customers to submit information reasonably related to the usage of the Service.
46. All SMS messages with status Success, Failed, undelivered and Expired are charged, SMS with status Rejected and Blacklisted are not charged.
47. Message and Address Book Storage, Outbound Messages and Other Limitations: Ooredoo assumes no responsibility for the deletion or failure to store information. Ooredoo does not set an upper limit on the number of messages a member may store or send through the Service; however, Ooredoo retains the right, at its sole discretion, to determine whether or not Member's conduct is consistent with the terms and conditions and may terminate Service if the Subscriber is in breach of the Agreement. Ooredoo may, in the future, with prior notification, limit the amount of storage space available to each Subscriber.
48. Equipment: You are responsible for obtaining and maintaining all computer hardware, software and communications equipment needed to access the Service, and for paying all third-party access charges (e.g., ISP, telecommunications) incurred while using the Service.
49. Resale: The Subscriber cannot resell the service if (s)he does not qualify as an Eligible Person, within the framework set by the Class License for the Resale of Retail Telecommunications Services issued by the Communication Regulatory Authority (CRA) (<https://www.cra.gov.qa/en/document/class-license-for-the-resale-of-retail/telecommunications-services>) and without a prior written approval by Ooredoo. Failure comply with the above provision will result in the Services being immediately terminated and in the Subscriber being held responsible for the legal, regulatory and financial consequences of his/her behavior.
